Classification of Students

NOTE: The following list of students as of November 1, 1943, includes all civilian students and A.S.T.P. students who are registered in the civilian schedule of classes. Each name is followed by a parenthesis showing the college or school in which the student is enrolled and, except for the Graduate School and the Library School, the number of semester hours credited to the student (in some instances exclusive of courses in military and physical education). Hours shown for law students are those earned in the College of Law, not the total hours. Classification of students by years is made in the Registrar's Office according to the following table of minimum requirements in the several colleges and schools:
